

Letter to members of Dundee Institute of Architects

25 November, 2021

Hello!

Are you working on a conservation project in Dundee that could benefit from funding?

Dundee Historic Environment Trust (DHET) was established to promote and encourage the conservation, protection and improvement of our historic environment.

It does this by providing grant assistance for the repair of buildings and townscape features, along with outreach heritage grants which promotes the historic environment in the city. We have a particular emphasis on assisting city centre and regeneration projects, especially where the outcome can be seen to be supporting communities and economic activity.

If you think that your project, or that of anyone in your social or business network may qualify for funding, please let us know by making an enquiry through our website at www.dhet.org.

Initially all you need to do is to visit our website and check that your project is potentially eligible then complete a Grant Enquiry Form outlining a brief description of your proposed project.

If you are in doubt or would like to discuss any aspect of your project, please do not hesitate to contact the Trust direct on **01382 902244 / 07540 724444** or by email at info@dhet.org.

The Trust has just moved to new premises at 29 Exchange Street, Dundee and we look forward to hearing from you!

With best regards

A handwritten signature in blue ink that reads 'Adam Swan'.
